

RoHan DAAD SDG Winter School 2022

## “New Avenues in Catalysis - Paving the road to a Sustainable Future”

Hanoi University of Science and Technology (HUST), Hanoi, Vietnam  
November 7<sup>th</sup> -11<sup>th</sup>, 2022

**Call for applications - Deadline 31<sup>st</sup> August 2022**

### WHAT IS ROHAN?

The project RoHan is part of a new DAAD scheme, generously funded by the Federal Ministry for economic co-operation and development (BMZ), on the implementation of “SDG Graduate Schools”. The University of Rostock (UR) and the Leibniz Institute for Catalysis as well as the Hanoi University of Science and Technology (HUST) and the Hanoi University of Science (VNU-HUS) are co-operating to implement the ROHAN Graduate School from 2016 till 2025. The aim of the project and this workshop is to foster the development and establishment of catalysis technologies and processes through the training of qualified Vietnamese scientists able to assume leadership positions in both industry and academia. Focusing on rightful high-quality education and promoting life-long learning opportunities for all, as well as promoting gender equality and empowering women could have a strong impact on the achievement of the Sustainable Development Goals in 2030.

### PROGRAM

- 7<sup>th</sup> -10<sup>th</sup> Nov.: Plenary/invited lectures, oral communications and poster presentations (Campus HUST, Hanoi)
- 11<sup>th</sup> Nov.: Field trips and Social program (Red River Delta region)

### REGISTRATION/APPLICATION

Registration is open to all scientists interested in catalysis and chemistry and companies related to chemistry and chemical analysis. All persons intending to attend the RoHan DAAD SDG Winter School 2022 must complete a registration form available for download at [www.rohan-sdg.com](http://www.rohan-sdg.com). The application should include: Letter of Motivation (1 page), abstract for poster or oral presentation (1 page), and the registration form. The topic of the abstract must be in the field of catalysis and related to the United Nations’ SDGs.

Please send your application documents to [application@rohan-sdg.com](mailto:application@rohan-sdg.com)  
before **31<sup>st</sup> of August 2022**.

# RoHan catalysis

## SDG GRADUATE SCHOOL

### REGISTRATION FEES

Registration to RoHan DAAD SDG Winter School 2022 is free of charge for all participants. Notification of acceptance for oral/poster presentations will be announced before the 15<sup>th</sup> of September 2022.

### SCHOLARSHIP TO ATTEND

#### Who can apply for a scholarship to attend?

All Master and PhD students, postdocs and scientists from the University of Rostock and LIKAT, as well as from the School of Chemical Engineering of Hanoi University of Science and Technology (HUST), the Faculty of Chemistry and the Faculty of Environmental Sciences of the VNU University of Science (VNU-HUS), can apply for scholarships to attend the workshop. A selected number of participants will be supported and informed before the 15<sup>th</sup> of September 2022.

#### What does the scholarship cover?

For participants from the University of Rostock and LIKAT, the scholarship covers the travel expenses, accommodation (from the 7<sup>th</sup> to the 11<sup>th</sup> of November 2022) and meals during the workshop and the field trips. Further expenses are expected to be cover by the scholarship holder.

For participants from the School of Chemical Engineering of Hanoi University of Science and Technology (HUST), the Faculty of Chemistry and the Faculty of Environmental Sciences of the VNU University of Science (VNU-HUS), the scholarship covers lunches during the workshop. Field trips are included. Further expenses are expected to be cover by the scholarship holder.

*Looking forward to welcoming you in Hanoi!*
